## 95x170x43mm Self aligning ball bearings

|   |                                    |
|---|------------------------------------|
| Bearing number                          | 2219                               |
| Size (mm)                               | 95x170x43                          |
| Brand                                   | AST                                |
| Bore Diameter (mm)                      | 95                                 |
| Outer Diameter (mm)                     | 170                                |
| Width (mm)                              | 43                                 |
| Bearing Type – double row self-aligning | double row selfaligning            |
| Bore Dia (d)                            | 95.0000                            |
| Outer Dia (D)                           | 170.0000                           |
| Width (B)                               | 43.0000                            |
| Radius (min) (rs)                       | 2.100                              |
| Dynamic Load Rating (Cr)                | 84.000                             |
| Static Load Rating (Cor)                | 34.500                             |
| Max Speed (Grease) (X1000 RPM)          | 3.400                              |
| Max Speed (Oil) (X1000 RPM)             | 4.000                              |
| Max. Shaft Shoulder Dia. Inner (Li)     | 106.0                              |
| Min. Housing Shoulder Dia., Outer (Lo)  | 159.0                              |
| Weight (g)                              | 3.870.00                           |
| Precision                               | A1                                 |
| Standard Clearance                      | C0                                 |
| Material                                | 52100 Chrome steel (or equivalent) |
