

# AST ASTB90 F30070 plain bearings

What are the types of AST ASTB90 F30070 plain bearings ?  
Manufacturing Service . Get Your Free, Machined Bearing with  
Inner Ring needle bearing type: Instant price, design review.

|                              |                                  |
|------------------------------|----------------------------------|
| needle bearing type:         | Machined Bearing with Inner Ring |
| lubrication hole type:       | Lubrication Groove & Hole        |
| d                            | 1.7500 in                        |
| static load capacity:        | 39100 lbs                        |
| D                            | 3.0000 in                        |
| cage material:               | Steel                            |
| B                            | 1.7500 in                        |
| number of rows:              | 1                                |
| bearing material:            | Chrome Steel                     |
| precision rating:            | Not Rated                        |
| flanges:                     | No Flange                        |
| maximum rpm:                 | 1700 RPM                         |
| closure type:                | Double Seal                      |
| series:                      | MR – Cagerol                     |
| fillet radius:               | 0.0600 in                        |
| standards met:               | ABMA, ISO                        |
| operating temperature range: | -20F to 250 °F                   |
| manufacturer catalog number: | 5453650085                       |
| dynamic load capacity:       | 22400 lbs                        |
