

# AST SFRW168ZZ deep groove ball bearings

How do you find 6 RoHS the AST SFRW168ZZ deep groove ball bearings specification? Manufacturers Online Free Available Volume Discount check☐

Volume Discount	Available
Days to Ship	6 Days
RoHS	6
Inner/Outer Ring Material	[Resin] Ultra High-Molecular Polyethylene
d	15
D	32
Width B (or T)(mm)	9
Allowable Rotational Speed(rpm)	400
Specifications, Environment	Standard / Water Resistance / Non-magnetic / Dust Resistant
Rolling Element Material	Soda-Lime Glass
Type	Ball
Bearing Style	Double Shielded
Outer Ring Shape	Standard
Precision	Class 0
Load Direction	Radial
Number of Raceway Ring Rows	Single Track
Size Standards	Metric Series
Seal Part Structure	Double Shielded
