

# FAG B71914-C-2RSD-T-P4S angular contact ball bearings

Request A 20.4 kN radial static load capacity: Quote For Your Special FAG B71914-C-2RSD-T-P4S angular contact ball bearings Needs 30 mm d Today! Free Quotes. ISO 9001 certified.

|                               |                            |
|-------------------------------|----------------------------|
| d                             | 30 mm                      |
| radial static load capacity:  | 20.4 kN                    |
| D                             | 62 mm                      |
| maximum temperature:          | 257 °F                     |
| B                             | 0.9375 in                  |
| cage material:                | Steel                      |
| contact angle:                | 30 °                       |
| maximum rpm:                  | 7500 rpm                   |
| row type & fill slot:         | Double-Row Non-Fill Slot   |
| finish/coating:               | Uncoated                   |
| internal clearance:           | C3                         |
| fillet radius:                | 1 mm                       |
| bore type:                    | Round                      |
| series:                       | 3200                       |
| closure type:                 | Double Sealed              |
| Weight                        | 0.64 lb                    |
| bearing material:             | Steel                      |
