

# FBJ 2205K self aligning ball bearings

FBJ 2205K self aligning ball bearings, Units and Housings CAD models , 1.0000 in d Manufacturing Service . Two-Bolt Base mounting: Get Your Free.

|                               |                               |
|-------------------------------|-------------------------------|
| mounting:                     | Two-Bolt Base                 |
| B                             | 1-31/32 in                    |
| d                             | 1.0000 in                     |
| radial dynamic load capacity: | 3150 lbf                      |
| bore type:                    | Round                         |
| radial static load capacity:  | 1780 lbf                      |
| base to bore centerline:      | 3.1563 in                     |
| base width:                   | 1-31/32 in                    |
| duty type:                    | Normal Duty                   |
| D                             | 3-3/4" to 4-1/2"              |
| housing material:             | Cast Iron                     |
| bolt size:                    | 3/8                           |
| locking device:               | Set Screw                     |
| lubrication type:             | Lubrication Fitting           |
| seal type:                    | Contact with Slinger          |
| series:                       | UCPH200                       |
| expansion type:               | Non-Expansion Bearing (Fixed) |
| replacement bearing:          | UC205-16                      |
| overall length:               | 5.5000 in                     |
| manufacturer product page:    | <a href="#">Click here</a>    |
| overall height:               | 4.5000 in                     |
