

# IKO NATA 5912 complex bearings

QuestionIKO NATA 5912 complex bearings ? Find what you need faster by entering Contact with Flinger seal type: your 1.1250 in d information .

d	1.1250 in
seal type:	Contact with Flinger
D	4.5900 in
length through bore:	1.68 in
bore type:	Round
finish/coating:	Uncoated
duty type:	Standard Duty
maximum rpm:	6500 RPM
mounting type:	Four-Bolt Piloted
lubrication type:	Lubrication Fitting
locking device:	Set Screw
series:	206
expansion type:	Non-Expansion Bearing (Fixed)
standards met:	UL, AFBMA, AGMA, ASMMA, BSA, CMA, MPTA, PTDA
radial dynamic load capacity:	4368 lb
manufacturer catalog number:	049426
radial static load capacity:	2538 lb
