d	0.3750 in
ball material:	52100 Bearing Steel
misalignment angle:	12 °
race material:	Bronze
shank thread length:	0.937 in
lubrication:	Unlubricated
rod end type:	Female Threaded
head diameter:	1.000 in
shank thread size:	3/8- 24 in
head width:	0.406 in
thread direction:	Right Hand
ball width:	0.500 in
grade:	Commercial/Industrial
length to ball center:	1.625 in
lubrication type:	With Lubrication Fitting
standards met:	SAEJ1120
housing material:	Carbon Steel – corrosion resistant plating
series:	VFZ
