

# ISO K42x47x25 needle roller bearings

The online ISO K42x47x25 needle roller bearings parts store gives you immediate access 40 mm D to a 17 mm d selection of more 4750 N static load capacity: than 1.4 million new, used, remanufactured.

|                              |                           |
|------------------------------|---------------------------|
| d                            | 17 mm                     |
| static load capacity:        | 4750 N                    |
| D                            | 40 mm                     |
| precision rating:            | ABEC 1 (ISO Class Normal) |
| B                            | 12 mm                     |
| finish/coating:              | Uncoated                  |
| bore type:                   | Round                     |
| cage material:               | Steel                     |
| closure type:                | Double Sealed             |
| outer ring width:            | 12 mm                     |
| row type & fill slot:        | Single Row Non-Fill Slot  |
| fillet radius:               | 0.6 mm                    |
| internal clearance:          | C3                        |
| maximum rpm:                 | 12000 RPM                 |
| operating temperature range: | -30 to +110 °C            |
| standards met:               | DIN 625-1                 |
| dynamic load capacity:       | 10100 N                   |
| series:                      | 62                        |
