

ISO NU2260 cylindrical roller bearings

Enjoy High Margins on Competitive Pricing. Great 1-1/2 in inside diameter: Wholesale Maximum of +225 °F operating temperature range: Products 2-1/16 in D at Low Costs.

inside diameter:	1-1/2 in
operating temperature range:	Maximum of +225 °F
D	2-1/16 in
maximum pv value:	20000
thickness:	1/8 in
maximum p value:	1000 psi
bearing material:	Nylon
maximum v value:	400 fp/min
plug type:	No Plugs
nominal overall length:	2-1/16 in
