

# NACHI 70TAH10DB angular contact ball bearings

Can't find what you're looking for 20 mm d 78 mm bolt circle diameter: NACHI 70TAH10DB angular contact ball bearings ? Our expert Contact with Flinger seal type: Representatives be in contact with you shortly!

|                               |                            |
|-------------------------------|----------------------------|
| d                             | 20 mm                      |
| seal type:                    | Contact with Flinger       |
| bolt circle diameter:         | 78 mm                      |
| end type:                     | Open                       |
| B                             | 100 mm                     |
| length through bore:          | 31 mm                      |
| bore type:                    | Round                      |
| pilot diameter:               | 62 mm                      |
| duty type:                    | Standard Duty              |
| unit standoff:                | 41 mm                      |
| mounting type:                | Four-Bolt Piloted          |
| bolt size:                    | M10                        |
| housing material:             | Cast Iron                  |
| lubrication type:             | Lubrication Fitting        |
| locking device:               | Set Screw                  |
| series:                       | CUCFC200C                  |
| radial dynamic load capacity: | 1310 kgf                   |
| replacement bearing:          | UC204                      |
| radial static load capacity:  | 680 kgf                    |
