

NBS NKIB 5905 complex bearings

Find the 8 ° misalignment angle: discount NBS NKIB 5905 complex bearings online you need . We offer ... 0.6250 in d If you check out our large selection of NBS NKIB 5905 complex bearings once .

d	0.6250 in
axial static load capacity:	2430 lbf
misalignment angle:	8 °
operating temperature range:	Max 250 °F
shank thread length:	1.3750 in
head diameter:	1.5250 in
rod end type:	Female Threaded
head width:	0.5770 in
shank thread size:	5/8-18
ball width:	0.7500 in
thread direction:	Left Hand
length to ball center:	2.5000 in
grade:	Military
overall height:	3.2630 in
thread type:	UNJF-3B
standards met:	SAE-AS81935, SAE-AMS-QQ-P-416 Type 1 Class 2, SAE-AMS-H-6875, SAE-AMS-H-7199, ASTM-E-1444, SAE-AS818
lubrication type:	Self-Lubricating
series:	Heim®
housing material:	4340 Alloy Steel

manufacturer product page:	Click here
ball material:	440 C Stainless Steel
Weight	0.48 lbs
race material:	17-4 PH Heat Treated, PTFE
manufacturer upc number:	637400182977
radial static load capacity:	21900 lbf
