

# NSK 22332CAE4 spherical roller bearings

NSK 22332CAE4 spherical roller bearings manufacturer and 1.6875 in d global supplier of reliable ball and roller ... NSK 22332CAE4 spherical roller bearings Industries Products Manufacturing & Engineering and Agricultural Bearings designed to meet the unique requirements of our targeted 52100 Steel/Black Oxide bearing material: industries.

|                              |                               |
|------------------------------|-------------------------------|
| d                            | 1.6875 in                     |
| bearing material:            | 52100 Steel/Black Oxide       |
| D                            | 4.1250 in                     |
| seal type:                   | Felt Seal                     |
| B                            | 5.3750 in                     |
| length through bore:         | 2.0000 in                     |
| bore type:                   | Round                         |
| operating temperature range: | 250°                          |
| duty type:                   | Standard Duty                 |
| finish/coating:              | Uncoated                      |
| mounting type:               | Four-Bolt Flange              |
| bolt size:                   | .5625 in                      |
| housing material:            | Cast Iron                     |
| lubrication type:            | Lubrication Fitting           |
| locking device:              | Skwezloc Collar               |
| series:                      | SF                            |
| expansion type:              | Non-Expansion Bearing (Fixed) |
| replacement bearing:         | 2-111T                        |
| housing width:               | 1.5625 in                     |
| manufacturer catalog number: | 713363                        |

|                   |           |
|-------------------|-----------|
| inner ring width: | 2.0000 in |
