

# NTN 6309LLBNR deep groove ball bearings

What is NTN 6309LLBNR deep groove ball bearings in mechanical 1.0 Inventory engineering? Manufacturing Service . Upload your CAD file for an instant.

|                              |                            |
|------------------------------|----------------------------|
| Inventory                    | 1.0                        |
| Manufacturer Name            | NTN                        |
| Minimum Buy Quantity         | N/A                        |
| Weight                       | 0                          |
| EAN                          | 4547359106619              |
| Product Group                | B04144                     |
| bore diameter:               | 45 mm                      |
| static load capacity:        | 137000 N                   |
| outside diameter:            | 100 mm                     |
| precision rating:            | ISO Class 0                |
| overall width:               | 25 mm                      |
| bearing material:            | Hardened Alloy Steel       |
| flanges:                     | (2) Inner Ring             |
| cage material:               | None                       |
| bore type:                   | Straight                   |
| finish/coating:              | Uncoated                   |
| number of rows:              | 1                          |
| closure type:                | Open                       |
| internal clearance:          | CN                         |
| fillet radius:               | 1.52 mm                    |
| operating temperature range: | -40 to 120 °C              |
