

NTN 676A deep groove ball bearings

Welcome to 2.0000 in roller diameter: the NTN 676A deep groove ball bearings online seller.

roller diameter:	2.0000 in
bearing element:	Balls
roller width:	0.8438 in
closure type:	Open
point diameter:	1.3750 in
radial dynamic load capacity:	1350 lb
stud diameter:	0.5000 in
radial static load capacity:	600 lb
thread size:	1/2-20
lubrication hole location:	None
stud length:	1.2500 in
v-groove angle:	90 °
roller material:	Stainless Steel
width to groove center:	0.422 in
