

# NTN CRI-14207 tapered roller bearings

How do Four-Bolt Square flange mounting type: you find the NTN CRI-14207 tapered roller bearings specification? Solid Housing housing construction: Manufacturers Online Free check

|                           |  |
|---------------------------|--|
| flange mounting type:     | Four-Bolt Square                             |
| housing material:         | Polymer                                      |
| housing construction:     | Solid Housing                                |
| finish/coating:           | Uncoated                                     |
| compatible bore diameter: | 45 mm, 1-3/4 in                              |
| overall depth:            | 53.8 mm                                      |
| D                         | 104.8 mm                                     |
| series:                   | 209  |
| B                         | 136.7 mm                                     |
| standards met:            | UL, AFBMA, AGMA, ASMMA, BSA, CMA, MPTA, PTDA |
| compatible bearing type:  | Ball Bearing                                 |
