

NTN NA82576/82932D tapered roller bearings

How do I place an EMERGENCY order for a NTN NA82576/82932D tapered roller bearings that 12 ° misalignment angle: I want to pick up 0.5000 in d Bronze race material: at a our store?

d	0.5000 in
race material:	Bronze
misalignment angle:	12 °
radial static load capacity:	6 ,660 lbs
shank thread length:	1.500 in
lubrication:	Unlubricated
rod end type:	Male Threaded
head diameter:	1.312 in
shank thread size:	1/2- 20 in
head width:	0.500 in
thread direction:	Right Hand
ball width:	0.625 in
grade:	Commercial/Industrial
length to ball center:	2.438 in
lubrication type:	No Fitting
standards met:	SAEJ1120
housing material:	Carbon Steel – corrosion resistant plating
series:	VM
ball material:	52100 Bearing Steel
