

RHP LT6 thrust ball bearings

What is the best Side Mount frame type: place to buy RHP LT6 thrust ball bearings online? 3 in travel: Manufacturing Service .

travel:	3 in
housing material:	Welded Steel
frame type:	Side Mount
housing type:	Ball Bearing Take Up Frame
compatible bore diameter:	0.5000 to 1 in
insert material:	52100 Bearing Steel
series:	TWS200
lubricant:	#2 Lithium
bearing material:	52100 Bearing Steel
lubrication type:	Grease
bearing style:	Ball Bearing Take-up Frame
maximum rpm:	3500 rpm
bore type:	Round
misalignment angle:	1-1/2 °
cage material:	Nylon
operating temperature range:	200° °F
duty type:	Normal-Medium
bearing type:	Wide Slot
expansion type:	Non-Expansion Bearing (Fixed)
application:	General Industrial
finish / coating:	Gray Paint
manufacturer catalog:	Click here
housing construction:	Cast Iron

manufacturer upc number:

662798749761
