

SKF 239/750 CA/W33 spherical roller bearings

Various Straight outside diameter design: types and sizes to accommodate your 1.0156 in d SKF 239/750 CA/W33 spherical roller bearings requirements. 1.7500 in D

d	1.0156 in
outside diameter design:	Straight
D	1.7500 in
separable or banded:	Banded
B	0.6250 in
precision rating:	Not Rated/Unground
thrust bearing type:	Unground
series:	600
