

SKF 6004/HR11TN deep groove ball bearings

100% Authentic. SKF 6004/HR11TN deep groove ball bearings Highest Quality. Certified 50 mm inside diameter: 80 material specification: Supplier. 78 mm D

inside diameter:	50 mm
material specification:	80
D	78 mm
standards met:	RoHS
thickness:	5 mm
additional details:	Lead Free
bearing material:	Oil-impregnated Polyacetal
series:	PST
operating temperature range:	-40 to +176 °F
