

# SKF 6222 M/C3VL0241 deep groove ball bearings

SKF 6222 M/C3VL0241 deep groove ball bearings Industries and Applications ? We sell Two-Bolt Base mounting: discount online as well as cheap machinery parts.

|                               |  |
|-------------------------------|--|
| mounting:                     | Two-Bolt Base                              |
| B                             | 33 mm                                      |
| d                             | 10 mm                                      |
| radial dynamic load capacity: | 400 kgf                                    |
| bore type:                    | Round                                      |
| radial static load capacity:  | 160 kgf                                    |
| base to bore centerline:      | 18 mm                                      |
| base width:                   | 16 mm                                      |
| duty type:                    | Light Duty                                 |
| D                             | 53 mm                                      |
| housing material:             | ZDC Alloy with Electroless Chromate Finish |
| bolt size:                    | M6   |
| locking device:               | Eccentric Collar                           |
| lubrication type:             | Cannot Be Relubricated                     |
| seal type:                    | Contact/Lip                                |
| end type:                     | 2 Open Covers                              |
| expansion type:               | Non-Expansion Bearing (Fixed)              |
| series:                       | MUP000C                                    |
| overall length:               | 67 mm                                      |
| replacement bearing:          | MU000                                      |
| overall height:               | 35 mm                                      |
