

SKF N 1008 KTN/SP cylindrical roller bearings

SKF N 1008 KTN/SP cylindrical roller bearings Engineering Round flange mounting type: Calculator , Manufacturing Service . Get Your Free.

flange mounting type:	Round
B	12.6250 in
d	4-7/16 in
bearing material:	Babbitt
housing construction:	Solid Flange Mount
housing material:	Cast Iron
overall depth:	9 in
operating temperature range:	Maximum of +130 °F
bolt circle diameter:	10-1/2 in
lubrication type:	Lubrication Hole
duty type:	Standard Duty
