

# Timken 28985/28921 tapered roller bearings

Welcome to the 3460 lbf radial static load capacity: Timken 28985/28921 tapered roller bearings online 4.1250 in bolt circle diameter: seller. 1.2500 in d

|                               |                               |
|-------------------------------|-------------------------------|
| d                             | 1.2500 in                     |
| radial static load capacity:  | 3460 lbf                      |
| bolt circle diameter:         | 4.1250 in                     |
| seal type:                    | Contact with Flinger          |
| B                             | 5.0000 in                     |
| length through bore:          | 1.689 in                      |
| bore type:                    | Round                         |
| pilot diameter:               | 3-3/8 in                      |
| duty type:                    | Standard Duty                 |
| unit standoff:                | 1.315 in                      |
| mounting type:                | Four-Bolt Piloted             |
| bolt size:                    | 3/8                           |
| housing material:             | Cast Iron – Nickel Protection |
| lubrication type:             | Lubrication Fitting           |
| locking device:               | Set Screw                     |
| series:                       | UCFCS200NP                    |
| radial dynamic load capacity: | 5820 lbf                      |
| replacement bearing:          | UC207-20                      |
