

# Toyana 20211 C spherical roller bearings

Toyana 20211 C spherical roller bearings with easy-to-use 2.5000 in d parts graphics, giving 8-13/16 in overall length: you the ability to check parts availability, pricing, examine remanufactured options.

|                        |                               |
|------------------------|-------------------------------|
| d                      | 2.5000 in                     |
| overall length:        | 8-13/16 in                    |
| slot spacing:          | 4.7500 in                     |
| overall height:        | 6-9/16 in                     |
| slot width:            | 1.0625 in                     |
| lubrication type:      | Lubrication Fitting           |
| unit type:             | Side Mount                    |
| dynamic load capacity: | 12900 lbf                     |
| housing material:      | Cast Iron – Nickel Protection |
| rod hole diameter:     | 1-5/8 in                      |
| locking device:        | Set Screw                     |
| series:                | UCST200NP                     |
| seal type:             | Contact with Slinger          |
