|-------------------------------|-------------------------------|
| mounting:                     | Two-Bolt Base                 |
| B                             | 2-7/32 in                     |
| d                             | 1.5000 in                     |
| operating temperature range:  | Maximum of +250 °F            |
| bore type:                    | Round                         |
| radial dynamic load capacity: | 8150 lb                       |
| base to bore centerline:      | 1.9375 in                     |
| radial static load capacity:  | 4400 lb                       |
| duty type:                    | Normal Duty                   |
| base width:                   | 1-7/8 in                      |
| housing material:             | Cast Iron                     |
| D                             | 5-3/8 in                      |
| locking device:               | Eccentric Collar              |
| maximum rpm:                  | 3500 RPM                      |
| seal type:                    | Contact/Lip                   |
| lubrication type:             | Lubrication Fitting           |
| expansion type:               | Non-Expansion Bearing (Fixed) |
| series:                       | RAK                           |
| overall length:               | 7.0625 in                     |
| replacement bearing:          | G1108KRRB                     |
| overall height:               | 3.9375 in                     |
| standards met:                | FDA Approved                  |

|                 |               |
|-----------------|---------------|
| finish/coating: | Nickel Plated |
