

# Toyana NU232 E cylindrical roller bearings

Can't find 50 mm d what you're looking 52100/Black Oxide insert material: for Toyana NU232 E cylindrical roller bearings ? Our expert Representatives be Four-Bolt Base mounting: in contact with you shortly!

|                              |                               |
|------------------------------|-------------------------------|
| mounting:                    | Four-Bolt Base                |
| insert material:             | 52100/Black Oxide             |
| d                            | 50 mm                         |
| B                            | 4.0000 in                     |
| bore type:                   | Round                         |
| operating temperature range: | 250°                          |
| base to bore centerline:     | 2.5000 in                     |
| base width:                  | 4.0000 in                     |
| duty type:                   | Medium Duty                   |
| D                            | 6.3750 to 7.6250 in           |
| housing material:            | Cast Iron                     |
| bolt size:                   | .6250 in                      |
| locking device:              | Set Screw                     |
| horizontal bolt spacing:     | 1.2500 in                     |
| seal type:                   | Felt Seal                     |
| lubrication type:            | Lubrication Fitting           |
| expansion type:              | Non-Expansion Bearing (Fixed) |
| series:                      | MFP                           |
| overall length:              | 9.7500 in                     |
| replacement bearing:         | 5310                          |
| overall height:              | 5.3750 in                     |

|                              |          |
