

# Y-66 NSK D 14.288 mm 9.525×14.288×9.52mm Needle roller bearings

|                               |                   |
|-------------------------------|-------------------|
| Bore Diameter (mm)            | 9.525             |
| Bearing number                | Y-66              |
| Size (mm)                     | 9.525×14.288×9.52 |
| Brand                         | NSK               |
| Outer Diameter (mm)           | 14.288            |
| Width (mm)                    | 9.52              |
| Fw                            | 9.525 mm          |
| D                             | 14.288 mm         |
| C                             | 9.52 mm           |
| Weight                        | 0.0055 Kg         |
| Basic dynamic load rating (C) | 6.5 kN            |
